**Subject:** Radiation Monitor Request  
**Date:** 06/27/2011 04:35 PM

---

Hello -

We are requesting that EPA provide two radiation monitors from OIRA to New Mexico to monitor radiation from the Las Conchas fire which is now burning on Los Alamos National Laboratory lands. We would like these monitors to be deployed in Santa Fe and Espanola, NM.

We understand that there is also capacity to fly over the plume and monitor radiation directly. We would request that this also be provided for this fire event.
